Dear Mr. Radhakrishnan:

Congratulations! After reviewing the information that you supplied with the WBE Recertification Affidavit, I am pleased to inform you that your firm has been granted continued WBE certification by the State of Wisconsin. Your firm's name will remain in the Department of Administration's Directory as a certified woman-owned business enterprise and your enclosed certificate will attest to your ownership status.

This WBE certification is valid until **December 05, 2026**. Your firm is required to continue to revalidate your eligibility annually. The department will provide you with your annual renewal affidavit notification 30 days prior to the annual renewal date. In addition, a WBE is required to notify the Department in writing within 30 calendar days of any WBE status changes. It's important to provide the department with any phone number, e-mail, address or web site changes so that suppliers can locate your firm when they search the WBE directory. The WBE directory is located at: <http://www.wisdpa.wi.gov>. Please be sure to keep the department updated on any e-mail address changes **as both certification renewal and recertification notifications will be sent to you electronically**.

While state government does not have a legislative requirement that implements a state WBE goal, the federal government has implemented the federal woman-owned business procurement rule and its 5% goal. The program will serve as a powerful mechanism to increase the flow of federal dollars to woman-owned firms. Wisconsin's women-owned firms will want to be positioned to take advantage of the federal 5% goal and the program expansions that will be established for women-owned firms. Wisconsin WBE's who are not already involved in federal procurement may wish to consider attending a federal procurement training offered by the Wisconsin Procurement Institute (WPI). You'll find information on the organization and the referenced federal procurement rule from the WBE certification website.

I wish you continued success in promoting the value of your service and/or supply as a Woman-Owned Business to the many firms that recognize the importance of having a diverse supplier base.

Sincerely,

Libby Schmiedlin
